

**DEPARTMENT OF THE ARMY**  
ASSISTANT CHIEF OF STAFF FOR INSTALLATION MANAGEMENT  
600 ARMY PENTAGON  
WASHINGTON, DC 20310-0600

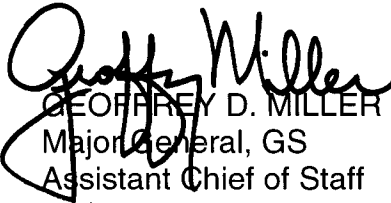

DAIM-ZA

31 MAR 2005

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: US Army Geographic Information Systems Repository (GISR)

1. The GISR is the Office of the Assistant Chief of Staff for Installation Management (OACSIM) spatial database of record and the Headquarter Department of the Army (HQDA) repository for installation spatial data. The GISR provides visualization and mapping capabilities through a web interface and can provide Geographic Information Systems (GIS) capabilities to existing systems.
2. Effective upon receipt, you are directed to utilize the GISR to store Army installation data and to deliver GIS functionality to your organization and systems as needed. Work with my staff to develop a migration plan for your HQDA and OACSIM Field Operating Agency installation GIS data and systems to GISR by 30 September 2005. Waivers will be approved through the OACSIM information technology governance structure.
3. Data storage and mapping services will be coordinated with my staff for inclusion in GISR on a cost reimbursable basis. No new GIS systems or functions to existing systems above the installation level will be developed unless a waiver has been obtained from the OACSIM. Installations will maintain their current GIS capability until further notice.
4. The OACSIM point of contact is Mr. Joshua Delmonico, DAIM-ZA, (703) 602-2851 or email: Joshua.Delmonico@hqda.army.mil.

  
GEOFFREY D. MILLER  
Major General, GS  
Assistant Chief of Staff

for Installation Management
